Docket No. P0149US-7 (formerly 585-27-009)

PATENT

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant: DenBaars et al. Examiner: B.W. Baumeister  
Serial No. 09/528,262 Art Unit: 2815  
Filing Date: March 17, 2000  
For: MULTI ELEMENT, MULTI COLOR SOLID STATE LED/LASER

Assistant Commissioner for Patents  
Washington, D.C. 20231

AMENDMENT TRANSMITTAL

Sir:

Transmitted herewith is an Amendment and Request for Continued Examination, along with a Petition for a two month extension.

Enclosed is our check in the amount of \$746.00 reflecting two additional independent claims (\$336.00) and a two-month extension fee (\$410.00). If any additional fee is required, charge Account No. 11-1580. A duplicate of this transmittal is attached.

Respectfully submitted,

April 21, 2003

AMENDMENT

Sir:

The following is applicants' response to the Office Action dated November 20, 2002.

Specification

In the specification immediately following the title, please add the following paragraph:

E1  
This invention was made with Government support under Contract No. 70NANB8H4022, awarded by the NIST (ATP). The Government has certain rights in this invention.

Claims

Replace the corresponding claims in the original application with the following amended claims:

14. A light emitting diode (LED), comprising:  
an active region;  
a pair of oppositely doped layers on opposite sides of said active layer which cause said active region to emit light at a predetermined wavelength in response to an electrical bias across said doped layers; and  
a doped substrate, said active region and doped layers
